The Employee Workspace Booking System (EWRS) is an online booking tool that Ontario Public Service (OPS) employees must use to book a workspace.

You can access the Employee Workspace Booking System online. First time users are required to register in the system, including identifying your division, manager and any delegates that can book space on your behalf. You can book your workspace on the same day and bookings can be made up to 28 days in advance at your main location(s).

Note: OPS Touchdown Centers (OTC) bookings can only be made 7 days in advance.

If you have made a booking and no longer require the workspace, please cancel your booking in the system as soon as possible so that others can book the workspace.

For Assistance and Feedback

For technical inquiries or issues including suggestions, please contact EWRSfeedback@ontario.ca for assistance. You can also select the Contact Us link found at the bottom of the EWRS page.

If you are unable to access the EWRS system or do not see the registration page after logging in, you may not have been added to the EWRS system yet. You will see an error message with next steps.

To gain access to EWRS, please email EWRSfeedback@ontario.ca and include:

- Your full name
- Your email address
- Your division
- Your manager's name
